

SECURE
GUARD

 **BINDER**

Best conditions for your success

SECURE.GUARD™

SERVICE.PRO™*

24-hour unit exchange service and 24/7 hotline service.

The SECURE.GUARD™ is based on a multi-stage security concept, whose components include a comprehensive 24-hour unit exchange service (in G/F/GB) and a 24/7 hotline service.

Both service to ensure the reliable cooling operation and security of the cooled specimens – both in daily laboratory operations and in an emergency.

* 2-year warranty and 4-year extended warranty.

For the SECURE.GUARD™ in particular, BINDER has implemented a 4-zone security concept developed in close collaboration with laboratories and institutes specially for the requirements of state-of-the-art multi-user laboratories. In addition to reliable cooling and storage of specimens at -86 °C, special attention was paid to the issue of security during implementation of the concept.

The following components of this security concept ensure reliable, safe, user-oriented and future-oriented cooling of your specimens at -86 °C:

SECURITY ZONE 1

Reliable cooling of the specimens

SECURITY ZONE 2

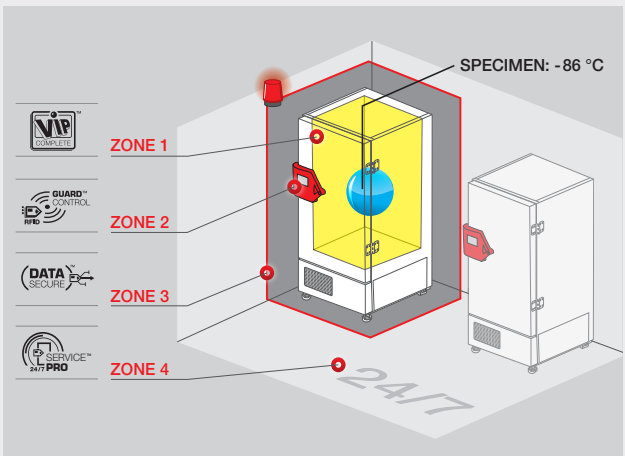

Ease of use for laboratory staff

SECURITY ZONE 3

Intelligent integration in the security infrastructure

SECURITY ZONE 4

Guaranteed backup service in case of emergency****

** Note the warranty conditions.

24-HOUR UNIT EXCHANGE SERVICE

Registered today. Delivered tomorrow.

In the event of an emergency in Germany, France and Great Britain, BINDER will make an exchange unit available to you within 24 hours – even on holidays and weekends. Even in an emergency, your specimens will be safeguarded as best possible.

24 h exchange service
in case of emergency.

► Advantages:

- Fast response times
